

LANDS AVAILABLE FOR TAXES

Frequently Asked Questions

Q. What is the Lands Available for Taxes?

A. Lands Available for Taxes (or simply Lands Available) are properties that did not sell at tax deed auction. When this happens, the Tax Deeds Department is required to enter the property onto a list of available properties.

Q. Who may purchase properties from Lands Available?

A. For the first 90 days that a property is in Lands Available only the County may purchase the property for the opening bid pursuant to 197.502(7) F.S. After that initial 90 period has elapsed, anyone may purchase the land for the opening bid, subsequent omitted taxes, and any accrued interest. Documentary stamps and recording fees are also assessed and will be reflected on the purchase statement.

Q. How do I get more information on these properties?

A. Information on properties listed in the Lands Available can be found in the Property Appraiser's Office at 231 E Forsyth St, Room 230. The Property Appraiser's website also contains a wealth of information about most properties. Please see below for search instructions:

 - The Property Record Card will show the lot dimensions, and information on any structure that may be on the property. **Please read the disclaimer regarding this information as it may not be current.** You may also wish to do your own research.
 - The GIS Maps will show how the lot sits in relation to the street and the lots surrounding it.
 - The Parcel Tax Record will give you Tax Collector information, including nuisance, abatement, and demolition liens, which you will be responsible for if you purchase the property.
 - The City Fees Record will show what the amount of the storm water and solid waste fees are if applicable. There is also a link for Google maps that may be helpful with driving directions.

Q. Is the property sold free and clear of liens?

A. No. Governmental liens survive the Tax Deed process and will become the responsibility of the new owner. It is very important that anyone interested in purchasing from the Lands Available conduct a thorough search for governmental liens using the title search in the Tax Deed file located on our Tax Deed File viewer at <https://www.duvalclerk.gov/departments/county-services/tax-deed-files>, the Official Records Department located in Room 1253 of the Courthouse, and the Tax Collector's online records at https://www.duval.county-taxes.gov/public/search/property_tax.
